

# Materiality Assessment

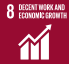

Samsung Electronics conducts materiality assessments identifying and prioritizing key sustainability issues material to our business, transparently disclosing the processes and results. In 2024, we conducted a Double Materiality Assessment (DMA) adapted from the European Financial Reporting Advisory Group's (EFRAG) [materiality assessment implementation guidance](#) and published the results in our 2024 Sustainability Report. We observed no significant changes in issues related to sustainable management within Samsung Electronics' value chain, leading us to maintain final material topics for the current reporting period. Our materiality assessment considered both relevant company activities' impacts to the external environment and relevant external factors' financial impacts to the company.

## Materiality Assessment Process

## Material Topic Management

Samsung Electronics identifies the impacts of selected material topics on the company, and reports on company activities to manage these topics.

2025 Material Topics	UN SDGs	Governance	Strategy	Risk Management (Policy)	Activities (Major Progress)
 Climate Change and Energy		<ul style="list-style-type: none"> <li>Sustainability Committee under the Board of Directors oversees sustainability management (including environmental management) strategy and progress</li> </ul>	<ul style="list-style-type: none"> <li>DX Division: net zero Scope 1 and 2 emission by 2030</li> <li>DS Division: net zero Scope 1 and 2 emission by 2050</li> </ul>	<ul style="list-style-type: none"> <li>Identify key risks and opportunities due to climate change and develop response strategies by assessing financial impacts based on climate scenarios</li> </ul>	<ul style="list-style-type: none"> <li>Reduce direct emissions, expand renewable energy, reduce external GHG emissions</li> </ul>
 Water	 	<ul style="list-style-type: none"> <li>Sustainability Council and ESG Management Council chaired by respective Division Heads discuss and decide on current issues</li> <li>Invest over KRW 7 trillion in environmental management activities by 2030 (including process gas reduction and water resource conservation)</li> </ul>	<ul style="list-style-type: none"> <li>DX Division: replenish 100% of water used globally by 2030</li> <li>DS Division: achieve zero increase in water intake for Korean manufacturing sites relative to 2021 levels by 2030</li> </ul>	<ul style="list-style-type: none"> <li>Assess water resource risks and develop regional response strategies</li> </ul>	<ul style="list-style-type: none"> <li>Expand scope of AWS<sup>1)</sup> certification</li> </ul> <p><small>1) Alliance for Water Stewardship</small></p>
 Resource Circularity and Waste		<ul style="list-style-type: none"> <li>Sustainability Committee under the Board of Directors, Sustainability Council and ESG Management Council chaired by respective Division Heads and Labor and Human Rights Council oversees and manages employee and supply chain labor and human rights at various levels</li> </ul>	<ul style="list-style-type: none"> <li>DX Division: apply recycled plastic to all plastic parts in our products by 2050</li> <li>DS Division: achieve 99.9% waste recycling rate across all Korean manufacturing sites by 2030</li> </ul>	<ul style="list-style-type: none"> <li>Manage resource use and environmental impact risks throughout the entire product life cycle, from raw material procurement to production, use, disposal, and recycling</li> </ul>	<ul style="list-style-type: none"> <li>Operate product waste retrieval system, attain Zero Waste-to-Landfill validations at business sites</li> </ul>
 Working Conditions - Employees	 	<ul style="list-style-type: none"> <li>Sustainability Committee under the Board of Directors, Sustainability Council and ESG Management Council chaired by respective Division Heads and Labor and Human Rights Council oversees and manages employee and supply chain labor and human rights at various levels</li> </ul>	<ul style="list-style-type: none"> <li>Respect human rights based on management philosophy of "People First", continue to pursue safe work environment, and create positive workplace culture</li> </ul>	<ul style="list-style-type: none"> <li>Establish various policies and standards including fundamental principles of human rights, grievance policy, environmental health and safety policy</li> <li>Operate employee communication and grievance channels and perform human rights due diligence</li> </ul>	<ul style="list-style-type: none"> <li>Observe freedom of association and right to collective bargaining</li> <li>Analyze and improve living wage gap</li> <li>Operate manufacturing site safety management programs and employee health promotion programs</li> <li>Provide fringe benefits and work policies for work-life balance</li> </ul>
